

# On The Losing End

Aaron Watson

She left in a hurry, she wears she'll be back, but I'm kinda worried

Cause I can hear nashville calling her name

I wished her good luck, through the window of a pickup truck

She kissed me goodbye and then she drove away

Cause shes chasin her dreams and shes breakin mine

Shes takin heaven with her leavin nothin but hell behind

And I don't know if she'll be back again

But ill be right here where she left me

On the losing end

That old pickup made up of rust, left me standin in a cloud of dust

And when it settled, it couldn't have been any clearer

I was on the wrong end of the tracks and she wasn't lookin back

Not even a second glance, in her rear-view mirror

Cause shes chasin her dreams and shes breakin mine

Shes takin heaven with her leavin nothin but hell behind

And I don't know if she'll be back again

But ill be right here where she left me

Theres no future in this jukebox town

Singin her songs to me

So she took my heart with her guitar

And drove off to tennessee

Cause shes chasin her dreams and shes breakin mine

Shes takin heaven with her leavin nothin but hell behind

And I don't know if she'll be back again

But ill be right here where she left me
