

One Two Step at a Time

Aaron Watson

She likes swinging doors old sawdust floors
A steal your heart away modern day Bobby McGee
She can sing along to every Guy Clark Song
No she don't dance with cowboys wearing skinny jeans

She likes pearl in a can, a honky tonk band
She ain't the kind that you can wine and dine
Oh the only way to waltz away with her heart is one two step at
a time

She likes neon lights those Lone Star nights
Those home made tamales down at John T's Store
Like the red headed stranger on her record player
No they don't make em like her anymore

She likes pearl in a can, a honky tonk band
She ain't the kind that you can wine and dine
Oh the only way to waltz away with her heart is one two step at
a time

She likes pearl in a can, a honky tonk band
She ain't the kind that you can wine and dine
Oh the only way to waltz away with her heart
Yes the only way to waltz away with her heart
I'm saying the only way to waltz away with her heart is one two
step at a time

You better give her a whirl cause she ain't a Heineken kind of
girl

One two step at a time
One two step at a time
One two step at a time
One two step at a time
One two step at a time
