

# That's Gonna Leave A Mark

Aaron Watson

First kiss I thought I died and gone to heaven  
In the parking lot of that old 7/11  
I filled up a truck,  
I went in to pay when I walked out  
she was with him smilin' as she drove away  
I know that's gonna leave a mark  
Just like a tattoo on my heart  
My little brunette wrecking ball with a sexy southern drawl,  
It's gonna tear my world apart  
And I know just like a moth drawn to a flame  
I'll come runnin' when she whispers my name,  
And like a tattoo on my heart I know that's gonna leave a mark.

If you play with fire you're bound to get burned  
You would think by now that I would've learned  
but she's lookin so hot, so what can I say  
My mama said don't but I did it anywayyy  
I know that's gonna leave a mark  
Just like a tattoo on my heart  
My little brunette wrecking ball with a sexy southern drawl,  
It's gonna tear my world apart  
And I know just like a moth drawn to a flame  
I'll come runnin' when she whispers my name,  
And like a tattoo on my heart I know that's gonna leave a mark.

Awwh tug on them hard strings now

I wish you didn't look so dang good  
I wish you wouldn't smile at me that way if there's any  
It's a lot shinnin' brighter than the sun  
like a sock from above tellin' me to run awayyy  
I know that's gonna leave a mark  
Just like a tattoo on my heart  
My little brunette wrecking ball with a sexy southern drawl,  
It's gonna tear my world apart  
And I know just like a moth drawn to a flame  
I'll come runnin' when she whispers my name,  
And like a tattoo on my heart I know that's gonna leave a mark.  
And like a tattoo on my heart I know she's gonna leave a mark.
