

# Wake Up And Smell The Coffee

Aaron Watson

Hey honey so what we had a little fight  
We both said some things that we didn't mean last night  
Yeah we should of kissed and made up instead of giving up  
And getting up on the wrong side of the bed

And lord knows that I'm an early riser  
And with this new day he sent me a reminder  
Just as sure as the sun keeps risin  
True love is true and it knows no compromisin'

So what part of I love you don't you understand  
Maybe you should take a wiff in that old big red coffee can  
And if you still cant see you're the one and only one for me  
And always will be heres a kiss and a cup  
Sweetheart wake up and smell the coffee

Lookin right here at the front page of this mornins paper  
Just bad news and headlines of hatred and anger  
This old cruel world they'll try to bring it to the ground  
But ill be danged if its gonna keep on keepin the good luck down

So what part of I love you don't you understand  
Maybe you should take a wiff in that old big red coffee can  
And if you still cant see you're the one and only one for me  
And always will be heres a kiss and a cup  
Sweetheart wake up and smell the coffee

Honey ain't that just like a woman  
Makin somethin out of nothin at all  
Then again ain't that just like a man  
Acting bullet proof and ten foot tall

So what part of I love you don't you understand  
Maybe you should take a wiff in that old big red coffee can  
And if you still cant see you're the one and only one for me  
And always will be heres a kiss and a cup  
Sweetheart wake up and smell the coffee

Heres a kiss and a cup  
Sweetheart wake up  
Heres a kiss and a cup  
No I wont give up  
Heres a kiss and a cup  
Sweetheart wake up  
And smell the coffee
