

Inner Streets

Aaron

I might be crazy,
But don't be scared,
No one really gets into my head,
No one really gets into my head,
There's a whole world in there,
No one cares way too many, many things to share
No one cares way too many, many things to share.

Lost in the desert,
Feeling incomplete,
I want to go,
Somewhere home,
Hiding the best part,
Showing the cheap,
Side of myself,
Anytime you're here.

I may be crazy but don't be scared,
No one really gets into my head,
No one really gets into my head,
And in my world, I never fall,
In my world, I never fall.

Lost in the desert,
Feeling incomplete,
I want to go,
Somewhere home,
Hiding the best part,
Showing the cheap,
Side of myself,
Anytime you're here...
