

# Hunnid Stax

Ab-Soul

People treat you real nice when you got fifty dollar drawers on  
(Get money, f\*\*k bitches)  
I'm tryin' man  
(Get money, f\*\*k bitches)

Who gettin' that dough? Who gettin' that cake?  
Who gettin' that bread? Put a ticket on your head if you can't relate  
Who gettin' that fetti? Who gettin' that chesse?  
You know I gotta eat, you know I gotta eat  
Who gettin' that paper? Who gettin' that guap?  
Who smokin' that top shelf? Who gettin' top off top?  
Ain't nothing more important than the mula  
Who gettin' them commas, makin' mamas do kama sutra  
Best act like you know, I'm gettin' them checks, I'm spendin' them checks  
THC through TSA on my back, don't get checked  
Who gettin' them Benjamins? Spendin' them with executives  
Business man, understand, I'm on f\*\*kin' tour, you on the 10-6, I'm reelin'  
in  
Currency, won't pass the weed but I'll pass the bitch  
My stock risin', you cock ridin', I'm splittin' clips where the money clip  
Who gettin' that money, money? Real mothaf\*\*kin' money, money  
Saw a dude dog, got cashed out  
Got f\*\*ked up, then I passed out

Woke up early, kissed this bad bitch  
Rolled me up a blunt, then I took a piss  
Can't remember what I did last night  
I'm just tryin' to spend a hunnid stax everyday of my life  
Money is the anthem  
Black girls in the bedroom, white girls in the bathroom  
f\*\*k what I did last night  
I'm just tryin' to spend a hunnid stax everyday of my life

Who gettin' that dough? Who gettin' that bread?  
Get money I pledge, what you mean you broke bitch, open them legs  
Now let a nigga be, I think I'm gonna ski  
You know I love cheese, you know I love cheese  
I'm high as a scraper, I'm smokin' that guap  
Who leave guns on the top shelf? Who keep Glocks on Glocks?  
Ain't nothing more important than a hoova  
Who hoppin' out cars, unloadin' that pop, pop, yawk, yawk, move ya'  
Fig, Fig, Figueroa, gotta roll, gotta a .45 right here up in my coat  
You can have my ho but don't hit my dough  
I'm burnin' up like a parliament  
I'm 216, I'm suspendin' rent  
You a bad bitch, come f\*\*k me  
Yeah you heard it right, I said f\*\*k me  
Keepin' no grip, even ignorance is bliss  
I love foreign tits and her clitoris  
Beat the pussy down like my nemesis  
Make the pussy drip like I slit her wrist, but  
Who gettin' that money, money? Real mothaf\*\*kin' money, money  
Saw a dude dog, got cashed out  
Bought a new bitch and a new house like

Woke up early, kissed this bad bitch  
Rolled me up a blunt, then I took a piss

Can't remember what I did last night  
I'm just tryin' to spend a hunnid stax everyday of my life  
Money is the anthem  
Black girls in the bedroom, white girls in the bathroom  
f\*\*k what I did last night  
I'm just tryin' to spend a hunnid stax everyday of my life
