

## How I Would Have Done It

Abacinate

DNA analysis of the blood found in her hair on their clothes  
DNA testing of the blood under the girl's finger nails was from an unidentified person  
Never to be found.  
Talent for Killing, by gun, strangulation (That's how it's done, I'm never to be found)  
Cyanide, killed quickly, my poison injection (That's how it's done. I'm never to be found)  
The strong arm of the laws keeps trying to track me down  
Random target, a man out walking his dog  
I mean nothing to him, he means nothing to me, so it's  
A crime that makes no sense, no motive realized  
I picked up all the casings, and then fled the scene  
Placing the body in the trunk of my car  
Driving it down to the old junkyard  
Disposing, Crushing, Never to be found  
You think my methods have become unsound  
In a cave in the wilderness  
You'll be eaten alive  
You pray to a God who will not save you  
Pray for your life, pray that I won't take you  
You've got 30 minutes... times up...  
Contract kills pay the bills or just for thrills  
(Won't regret this!)  
Use a gun just or for fun I'll slice em' up  
(Won't regret this!)  
Seal em' up in a steel drum and let em' rot  
(Won't regret this!)  
Decapitate, Mutilate Masticate  
(Won't regret this!)  
They won't catch me!  
Contract kills pay the bills or just for thrills  
(Won't regret this!)  
Use a gun just or for fun I'll slice em' up  
(Won't regret this!)  
Seal em' up in a steel drum and let em' rot  
(Won't regret this!)  
The last thing you will see are my sadistic eyes  
As you await your inevitable demise  
(Await your demise)  
ahhh, it's easier then you think  
you just gotta play it smart  
try not to rape the dead bodies  
they'll find traces of your semen...  
(End your life, I won't Be crossed)  
(In a drum, your corpse will rot)  
Involved in pornography, narcotics, contract killing and gambling on a world wide basis  
Hits became sloppy I've been leaving behind too much evidence...too much  
Contract kills pay the bills or just for thrills  
(Won't regret this!)  
Use a gun just or for fun fucking I'll slice em' up  
(Won't regret this!)  
Seal em' up in a steel drum and let em' rot  
(Won't regret this!)  
Decapitate, Mutilate Masticate  
(Won't regret this!)
