

## In Shadows

## Abandoned Pools

So here we are  
Follow the rabbit hole down  
We will find out  
How far down it goes  
So do you want to know?  
Where we are living in?  
In shadows  
Are we just animals?  
Or something disguised as?

The innocent are fast asleep  
A phantom juggernaut in dreams  
Have we just lost it?  
Have we just lost it?  
The idiots are fast asleep  
An empire falls beneath our feet  
Are we just lost?

So here we are  
I'm seeing you out of focus  
We will swan dive  
Into the abyss
