

Lovelight

ABBA

I've always hated my room
It's so gloomy and dreary
Always too dark
For the windows just face the back yard
So I can't understand how it's happened,
How everything's changing
This old dirty ceiling seems a little whiter
When you walked into the room,
It all got so much brighter

You must have a lovelight
Everything around you is lovelight
And I can feel your love anywhere
Baby, even when you're not there
The lovelight
Everything around you is lovelight
You're shining like a star in the night
I won't let you out of my sight
I don't wanna lose you
I don't wanna lose your lovelight

How I remember the first time we went to a movie
We had decided to meet on a corner downtown
And I waited there when you came up from behind
And you kissed me
And the traffic seemed to get a little lighter
When you came into my life
It all got so much brighter

You must have a lovelight
Everything around you is lovelight
And I can feel your love everywhere
Baby, even when you're not there

The lovelight
Everything around you is lovelight
You're shining like a star in the night
I won't let you out of my sight
I don't wanna lose you
I don't wanna lose your lovelight

And I feel so good
And I feel so right
And I know that
You must have a lovelight

You've got lovelight
And I can feel your love anywhere
Maybe even when you're not there
You've got lovelight
Everything around you is lovelight
You're shining like a star in the night
I won't let you out of my sight
I don't wanna lose you
I don't wanna lose your lovelight

Everything about you is right

Let it glow and let it be bright
I don't wanna lose your lovelight
Shining like a star in the night
