

Move On

ABBA

1. They say a restless body can hide a peaceful soul
voyager and a settler, they both have a distant goal
If I explore the heavens, or if I search inside
Well, it really doesn't matter as long as
I can tell myself, I've always tried

R: Like a roller in the ocean, life is motion
Move on
Like a wind that's always blowing, life is flowing
Move on
Like the sunrise in the morning, life is dawning
How I treasure every minute
Being part of it, being in it
With the urge to move on

2. I've travelled every country, I've travelled in my mind
It seems we're on a journey, a trip through space and time
And somewhere lies the answer
To all the questions why
What really makes the difference
Between all dead and living things, the will to stay alive

R: Like a roller in the ocean...

3. The morning breeze that ripples the surface of the sea
The crying of the seagulls that hover over me
I see it and I hear it, But how can I explain
The wonder of the moment
To be alive, to feel the sun that follows every rain

R: Like a roller in the ocean...
