

Watch Out

ABBA

You move like a flame of fire
Your eyes like a flash of lightning
You lie since you're cold inside
And I'm gonna tame you, wild thing
You'd better watch out
I said you'd better watch out
Watch out
Anywhere you go I'll find you
Watch out
I'll be staying close behind you
And I've tired of waiting (Oooh-a-la-la)
Yes it's driving me crazy (Oooh-a-la-la-la)
And my patience is fading (Oooh-a-la-la)
Oh, you'd better watch out
I said you'd better watch out

You speak and you're funny lately
You act like I was a stranger
I think you're beginning to hate me
But then you're a girl in danger

You'd better watch out
Ooh, I said you'd better watch out
Watch out
Anywhere you go I'll find you
Watch out
I'll be staying close behind you
And I've tired of waiting (Oooh-a-la-la)
Yes it's driving me crazy (Oooh-a-la-la-la)
And my patience is fading (Oooh-a-la-la)
So you'd better watch out
Yes I said you'd better watch out
Watch out
Watch out

And I've tired of waiting (Oooh-a-la-la)
Yes it's driving me crazy (Oooh-a-la-la-la)
And my patience is fading (Oooh-a-la-la)
I said you'd better watch out
Oh girl you'd better watch out
Ah, you'd better watch out
Ooh, ah, you'd better watch out
