

## Sleep Sweet Lucien (cover Lucie)

Abband

You're quietly lying after the kiss of a vampire  
Poison's boiling in your veins  
Lonely dreams are all that one can try  
You future life is full of pain

The deal was clear, I wasn't cruel  
One little kiss and you are mine  
You're paying a tax for the undead human  
And I'm standing close behind

Sleep sweet Lucien  
I've done what I've done  
Sleep sweet Lucien  
I know what you've become

For immortals life is changing  
They have all voted what to be  
Future days are neverending  
Do you dream about in your dreams

Sleep sweet Lucien...
