

Ask a Thousand Times

ABC

When I'm high, you're low
When I'm up, you're down
And we're never around
When we need each other

Back stabbing
You know that I bleed
I just know you'll disagree

Ask a thousand times
A thousand times I'll say no
Love is never blind
Though sometimes you might think so

Ask a thousand times
A thousand times you'll hear me say
Love is like a weapon
When you're back stabbing me

When I'm weak, you're strong
When I'm all right, you're all wrong
And we don't get along
Anymore

Back stabbing
You know where that leads
I just know you'll disagree

Ask a thousand times
A thousand times I'll say no
Love is never blind
Though sometimes you might think so

Ask a thousand times
A thousand times you'll hear me say
Love is like a weapon
When you're back stabbing me

Ask a thousand times
A thousand times I'll say no
Love is never blind
Though sometimes you might think so

Ask a thousand times
A thousand times you'll hear me say
Love is like a weapon
When you're back stabbing me

When I'm high, you're low
When I'm weak, you're strong

Ask a thousand times
A thousand times I'll say no
Love is never blind
Though sometimes you might think so

Ask a thousand times
