

Bring Me My Queen

Abigail Washburn

Take all my money
Take all my dreams
I'll swim across your ravaging seas
Just don't play me the fool
Don't make it all new
It's time, time, time, time, time
Bring me my queen

She takes all my love
Takes all my notions
Tears them all down 'til the earth loses motion
Bring me my queen
Bring me my queen

She takes all my love
Takes all my notions
Tears them all down to the ground
Ooh, bring me my queen

She takes all your friends
Takes all your lovers
Buries all the bodies in her heart's cover
Just don't play the fool
Don't make it all new
It's time, time, time, time, time
Bring me my queen

She takes all my love
Takes all my notions
Tears them all down to the ground
Ooh, bring me my queen

Bring me my queen
Bring me my queen
Bring me my queen
Bring me my queen
