

## Damned In Hell

Abigail

They curse the day when I was born  
You can keep your sympathy  
I'm not gonna take it lyin' down  
I'll kill tonight

Damned in hell  
Tonight I'll fight

They want more violence  
Screaming confusion  
So give me all the powers of Hell  
More death heat me up

To get power  
Shots rip the air  
Raise the knife  
Burning Fire
