

## Therefore I Suffer

**Ablaze in Hatred**

In so many ways  
I tried to see  
The source of kindness  
Hiding in me

In this serenity  
Who shall come?  
To hold me

When I am lonely  
Unable to see  
The things which are  
In front of me...

One-dimensional agony  
The only way to see here  
Here in this blind world  
Where people are walking by

In this serenity  
Who shall come?  
To hold me
