

Clockwork Heart

Abney Park

Doctor please, you gotta help me I'm on my knees
Whenever I see she accepts my love but she, but she can't accept me
She's only pretending to still love me, to still love me

Pull this heart out from my chest
Need a replacement give me your best
Crack open my chest and give it a shove
A clockwork heart so I'll never feel love

Doctor please, I'm desperate set me at ease
whenever I see she endures my love but she
wants no part of me
She's only pretending to still love me, to still love me

Pull this heart out from my chest
Need a replacement give me your best
Crack open my chest and give it a shove
A clockwork heart so I'll never feel love
