

Purity of Perversion

Aborted

Fantasmes detraques degouilinant de vice
Dissect, dissect - I desecrate illusions
Dissect, dissect - Purity of perversion
A nameless terror feeds all my needs
These absent eyes stare and defile the innocent
This insidious act of mastication has merely begun
Tear up, devour and desecrate
Tear up, devour and desecrate the illusion
Tear up, devour and desecrate
Tear up and dominate

Dissect, dissect - I desecrate illusions
Dissect, dissect - Purity of perversion
A faceless zealot feeds all my needs

Elles glissent et serpentent, denaturent chaque courbe
Les immondices de ma creation. L'excitation a son paroxysme
Tremblements d'obscurite. Carcasses de souvenirs dont l'odeur
nauseabonde s'insinuera dans les reves les plus sordides

Dissect, dissect - I desecrate illusions
Dissect, dissect - Purity of perversion
A nameless terror feeds all my needs

Dissect, dissect - And dominate
Dissect, dissect - Purity of perversion
Watch me revel in my remains
