

# Man Bites God

Aborym

[Music: M. Fabban / Nysrok, Intro by Richard K Szabo, Lyrics: Bard G. Eithun, April 2005]

Strong in solitude  
Will, determination  
Ability to tear down  
And rebuild

No room for doubts  
Beliefs in vain  
Resistance strong as  
As rock solid train

Obsolete and forgotten  
The godhead of our time  
Heavily tuned down  
No more visible

Granted with wisdom  
This is me  
The soul is breathing  
Cries to be free

Reflecting upon changes  
Adapting to the new world  
Life coiling like a snake  
Like a fathomless lake
