

## Your Faithful Friend

Abra Moore

Try if you can and if you can't  
Sing if you want and if you can't, make a sound  
Go on and on and on 'til you can't go on  
And on any longer

Cry if you can and if you can't  
Fall to the ground without a sound  
Hold on and on and on won't you hold on  
And on and on, don't you let go

'Cause I will be around  
To catch you when you're down

You see, it's all about hope, so don't lose sight now  
It's all about faith, so don't give up on me  
It's all about trust, I'm lifting you up  
I'm holding you safe under my wing

So try if you can and if you can't  
Sing if you want and if you can't, make a sound  
Go on and on and on 'til you can't go on  
And on any longer

Cry if you can and if you can't  
Fall to the ground without a sound  
Hold on and on and on won't you hold on  
And on and on, don't you let go

'Cause I will be around  
To catch you when you're down  
I will be around
