

## Leave The Skin

### Abscess

Blistered popping zit-like volcanos  
Erupt from poreafaces  
Tearing from reality  
Fleashy chain and stake explosion  
Blood flies free  
Gunky substance saturates  
Mindmelt countdown brainblister

Pus seeps  
Outwar blast of blue  
Thoughts creep  
Eyes bulge on implosion  
Skeletal trash left behind  
Leave the skin, leave the mind
