

# Swimming In Blood

Abscess

Smoke filled skies, Bloodshot eyes  
I'm as high as that glow in the sky  
Burn, doe and fuckin' fry  
Gonna fuck shit up and I don't care why  
Hour's late, War's begun  
Hit and run, We're having fun  
Gas mask, Whiskey flask  
Bloody boots on marching feet

Swimming in Blood

In the sky camera eye  
Films the city as it dies  
Higher higher feed the fire  
Consumed by our desire  
Broke city of lost hope  
Is all that's under the smoke  
Broken glass, Tear gas  
Bloody boots of marching feet

Swimming in Blood
