

## Liquid Dimensions Change

Abstract Spirit

Mistrust the silence...  
Liquid dimensions change...  
Spreading fear and strain...  
Filamentous minds...  
Shocking self-disclosure...  
Embraced by suffocation  
In airless spaces walk  
Among cadaverous smirks...

Pompous pillars in a line...  
Paranormal flashings...  
Nostrils torn with stench  
Quiver with the wind...  
Buds of youth wither  
Grow blacker day by day...  
Stress and confusion...  
Caught... bitten to death...

Wasted years  
Of somnolence...  
Broken to peaces being...  
Fallen from life.

Dead seconds resurrect...  
Frozen moments melt...  
So absurdly  
To dwell...
