

Immortal Sorcery

Absu

Summoning of morbid minds
The darkness will rise with you
Defying your creations
A prophet of eternity
Eternal fall as the angels sob
In human gore imbued
Feel the enchantment
Over each quivering form
Unveiling mortal sorcery
As your soul rots

Sorcery in your mind
Live immortal life
Incantation beyond the gate
Beyond the world I once knew

Dispelled from darkness, which they dwell
Chants of evil in the air
As I now stand before the ancient lords
Sending magic upon

Sorcery in your mind
Live immortal fate
Incantation beyond the gate
Beyond the world I knew
