

# I`m Dying Alone

Absurd Minds

I like to destroy. I broke the hearts.  
Everyday I feel love is a farce.  
everyday I see hate dominate.  
so I do my best to be an asshole.  
my friends have gone. they left me alone.  
now I do everything on my own.  
everyday I hear hate dominate.  
so I do my best to be an asshole.  
a small life draws to a close.

I`ve hated too long. it`s all over and done.  
I listen to reason, but I`m dying alone.  
now it`s too late, but it is my fate.  
it`s all over and done and I`m dying alone.

I feel my time is running away.  
for the last time I pray. I can`t stop it, I can`t return  
and loneliness is all around me.  
my friends have gone. they left me alone.  
finally I`m dying on my own.  
everyday I hear hate dominate.  
so I did my best to be an asshole.  
a small life draws to a close.
