

Silence (can Be Fateful)

Absurd Minds

remembering the time i was a fool,
i was a victim of a virus
the past turns to present once a year
now i can hear you,
i can see you you're so nice
i feel the poison in my veins
it makes my blood boil
you're so fine
i wanna kiss you, i wanna touch you

i wanna touch you, my girl
the silence can be fateful
where is the key to your feelings, i never knew
wild emotions are locked in,
they can't break out of me
i'm paralyzed with fear. however,
silence can be fateful

you don't know the question,
so I cannot get the answer
and you don't know my wishes,
you don't know my hopeful dreams
the past turns to present once a year
now i can hear you,
i can see you
you're so nice you're so sweet you're so fine
