

# From Nowhere To Return

Absynthe Minded

I'm cold as a stone  
I want y'all to know  
That time can't be stopped  
And love can be lost  
I wanna be free  
From all responsibilities  
You shouldn't forget  
It's all in your head  
Well well well well well well you don't have to tell

If you tell me to go  
You know I'll be back  
It doesn't make me feel like a jerk  
Well well well well well well if that is what you think

The choices I make  
I won't get in line  
I won't be afraid of what's  
Coming next time  
Well well well well well well you don't have to tell

I'm staring at the people  
With firmly staring eyes  
And I wonder how to reach'em

One day they'll return  
From their trip to nowhere else  
From nowhere to return

'Cause I'm as cold as a stone  
I want y'all to know  
That time can't be stopped  
And love can be lost  
Well well well well well well

I wanna be free  
From all responsibilities  
You shouldn't forget  
It's all in your head  
Well well well well well well

If you tell me to go  
You know I'll be back  
It doesn't make me feel like a jerk  
Well well well well well well well well

There's just one  
Thing left to say  
If time heals all wounds  
The I'll be okay  
I'm heading for  
Satisfaction of soul  
That's all there is  
Let it be my bliss  
Well well well well well well you don't have to tell
