

I'll Be Alright

Absynthe Minded

I've been a fool
But I did my time
And I came back
And I took what was mine
One look into your eyes
And I know what you mean
I know what it spells
It spells never come
Back again

What a beautiful story
It's the best ever told
And it all went void
And it all went void
I gotta let it go
Take a deep breath
And go home
When the lights go out
I will be alright

Take a look at the sky
Tell me what do you see
Nothing but memories
Some are fading
Some are beaming
I don't know what they mean
I don't know why I'm here
But I'm sure those stars will
Never disappear
