Death Of A Blind Guide

Abused Majesty

mighty among those, brought to sacrifice but not among the great generation arisen and used his name in order that the generations of believers

remain faithful to him death of a blind quide

we have seen a great temple, with a grand altar and twelve priests, as well as your name Jesus Christ and in front of the altar stood a crowd

some of the priests sacrificed their own children, other ones their wives in adoration and mutual humbleness some of them had harlotry with men some took part in murders others have countless times sinned and done wrong

and those, gathered by the altar were calling upon His name and among all deeds of their infirmity they attended the sacrifices, till the end of their days

remain faithful to him death of a blind guide

(and now weep, and ordain the one who fasted he was like a star, leading everything to the end and when the Ashqelon will reach the end of his time in the final day he will find disgrace like all of those before him.)
