

## Omnivorous Sonatina

### Abused Majesty

statuesque disarray endlessly  
devouring itself  
in universal mayhem  
of deiform impostures  
anointed saviour  
with brimstone

an ecstasy beyond  
ataraxia

nothingness,  
overflows crimson  
with illusory expiration  
devoting farewell  
to diminished  
entities and forlorn hope  
of abaddon

forgiveness,  
adorns treason...  
grieve, abortive creation  
over sentinel  
that finished arbitrary  
liberated decay  
of silence  
and composed  
omnivorous sonatina  
of eternity
