

## Raise Hell (possesed)

Abused Majesty

Flesh eaten from inside  
Juice drank from the soul  
Burning filling that  
You are not alone  
Ancient evil fill my mind...  
...In the moonlight

Below the shadow of nocturnal black wings  
Lay the path to the temple of sin  
Take my hand walk through the light  
Let the Devil be your guide!

...Raise hell...  
...On earth...

"O sacerdos Christi, tu scis  
me esse daibolum, lur  
me derogas?"

"O servent of God, you know  
I am the Devil, why do you  
Disturb me?"
