## **Are You Ready**

Are you ready Are you ready Are you ready Are you ready Sweet apple pie Standing in the street Hands outta line Looking for some meat (heat?) She take you high When you feel her sting She make you fly And you know you're coming Who all need it - who Who all need it - you Who all need it, who all need it (yes you do) You all breathe it, we all need it Are you ready for a good time Then get ready for the night line Are you ready for a good time Then get ready for the night line Are you ready for a good time She making eyes At everything she meet ain't it a crime When she make you pump heat She make you fly Because that's her thing She make you dry And you know you're broken in Who all need it, who all need it (yes you do) You all breathe it, we all need it Are you ready for a good time Then get ready for the night line Are you ready for a good time Then get ready for the night line Are you ready for a good time Get with it Who all need it, who all need it You all breathe it, we all breathe it Are you ready for a good time Then get ready for the night line Are you ready for a good time Are you ready for a good time Are you ready Are you ready for a good time I want a good time Are you ready for a good time Are you, are you ready Are you ready for a good time Good, good, good, good time
