

# Black Ice

AC/DC

Well the devil may care  
You toss him back and be a man  
With the last time  
Black ice

End of it all, end of the line  
End of the road  
Ooh, black ice  
Black ice

Come on and bleeding out the walls  
We're watching all the women go  
Many a mile I'll never take  
I run for forty miles and I come up runnin' late

Don't you know I live it down  
When the devil come a callin' I aint gonna be around  
Ooh, black ice  
Black ice, yeah  
Black ice, my yeah  
The devil come a callin' I aint gonna be around  
Black ice

Livin' long, livin' long  
Sleep all alone, you're gonna take it all  
And I'm gonna rip it out  
I'll kick, I creep crawl down your street  
I'll gouge your eyes out, yeah

Ooh, black ice  
Black ice  
Black ice  
Black ice  
My life  
Black ice

My life  
Black ice  
My life, ooh

When the devil come a callin' I aint gonna be around  
I'll kick, I creep crawl down your street, and gouge your eyes  
out  
Black ice
