

# Overdose

AC/DC

I never smoked me no cigarettes  
I never drank much booze  
But I'm only a man doncha understand  
A man can sometimes lose  
You gave me somethin' I never had  
Pulled me down with you  
Hit me up with a big hunka love  
Hope you can pull you through

I overdosed on you  
I overdosed on you  
Crazy but it's true,  
Ain't nothin' I can do  
I overdosed on you

Oh woman you give to me  
More than I can take  
But listen honey  
I don't mind  
You're a habit I don't wanna break  
Don't want me none of that harder stuff  
Don't need it anymore  
I'm in hell and I'm sinkin' fast  
And I don't need no cure

I overdosed on you  
I overdosed on you  
Crazy but it's true  
Ain't nothin' I can do  
I overdosed on you

I was as happy as a man can be  
To far gone to save  
Died of love and plenty of  
Just write on my grave

I overdosed on you  
I overdosed on you  
Crazy but it's true  
There's nothin' I can do  
I overdosed on you  
On you

On you, on you  
All over you, all over you, all over  
I overdosed, overdosed  
Overdosed on you  
Overdosed, aaaahhhh
