

# Send for the Man

AC/DC

Do you want love  
Dirty dirty love  
Do you want lust  
Just a little lust  
You want a bad reputation  
You wanna better your score  
I got the qualifications  
I can open any door

Send for the man  
Send for the man

You like a dream  
Dirty low and mean  
You're good enough to eat  
You're sticky hot and sweet  
Need a shot of rhythm and loving  
You make a black sheep a ram  
This ain't no gun in my pocket  
I got the goods in my hand

Send for the man  
Send for the man

Send for the man

Send for the man  
Keep away from that decadent Dan  
Send for the man  
He won't give a damn

Send for the man, Send for the man  
Send for the man, Send for the man
