

# Snowballed

AC/DC

Crashed out of the market  
Out on the floor  
Washed up on the shore  
Bombed outta the city  
Out of the door  
Blown up against the wall  
Put out of the picture  
Axe about to fall  
Walk before you crawl  
Dragged down to the bottom  
Screamin' for air  
The shark must get his share  
You can see it comin'  
Miles and miles away  
Women drink and money  
Are gonna make you pay  
Snowballed, ooh yeah  
Snowballed, they done it again  
Snowballed, makin' me blind  
Snowballed

The howl of the wolf  
Snow in his eyes  
Waitin' to take you by surprise  
Eye of the needle  
Heat of the fight  
Watch those teeth cause they're ready to bite  
You can see it comin'  
Miles and miles away  
Women drink and money  
Are gonna make you pay  
You've been  
Snowballed, yes you have  
Snowballed, you've been fooled again  
Snowballed, that's all  
Snowballed

Snowballed, snowballed, snowballed, snowballed  
Snowballed, snowballed, snowballed, snowballed  
You been snowballed  
You been snow, you been snow, you been snow  
Snowballed, balled balled balled
