

# That's the Way I Wanna Rock 'n' Roll

AC/DC

Party gonna happen at the union hall  
Shakin' to the rhythm till everybody fall  
Pickin' up my women in my Chevrolet  
Glory hallelujah gonna rock the night away  
I'm gonna roll roll roll  
I'm gonna roll roll roll  
I'm gonna take this town turn it around  
I'm gonna roll roll roll  
Now there's a blue suede boppin' on her high heel shoe  
Rollin' round together like a wreckin' crew  
Be bop a lula baby what I say  
Ya gotta get a dose of rock 'n' rollin' each and every day  
We're gonna roll roll roll  
We're gonna roll roll roll  
We're gonna take this town turn it around  
We're gonna roll roll roll  
I'm gonna blow up my video  
Shut down by radio  
Told boss man where to go  
Turned off my brain control  
That's the way I wanna rock 'n' roll  
That's the way I wanna rock 'n' roll  
That's the way

That's the way I wanna rock 'n' roll  
That's the way I wanna rock 'n' roll  
That's the way that's the way  
That's the way I wanna rock 'n' roll  
That's the way that's the way  
That's the way I wanna rock 'n' roll  
That's the way that's the way  
To rock 'n' roll

Roll, roll, roll, I got roll, roll, roll, roll  
I'm gonna take this town turn it around  
I'm gonna roll roll roll  
I gotta roll, that's the way I want it  
Roll, roll, roll, gotta hear it now  
I'm gonna take this town turn it around  
I'm gonna roll roll roll  
Blow up my video  
Shut down by radio  
Told boss man where to go  
Turned off my brain control  
That's the way I wanna rock 'n' roll  
That's the way I wanna rock 'n' roll  
That's the way I wanna rock 'n' roll
