

Everybody Praise

Acappella

Verse 1:

Everybody praise the name of Jesus
Everybody worship the king
Lifting up our praise to overflowing
Lauding our Redeemer as we sing
Meaning every single word that we say
Let's declare how love found a way
Now the music of our heart is plain
Never tire of hearing it again

Counter to lead in Verse 1 (Rodney Britt):

Everybody praise His Name
Everybody worship the King
Lifting up our hearts in praise
Lifting up the Lord as we sing
Meaning every word that we say
Let's declare how love found a way
Now the message proclaims
Everybody sing it again

Counter to lead in Verse 1 (Keith Lancaster):

Everybody praise His Name
Lifting Him up as we sing
Lift it up until it overflows
Lifting Him up as we sing
Meaning every word we say
Let's declare love found a way
Now the message of my heart is plain
So let's all sing it again

Chorus:

Everybody praise his name
Sing hallelujah to the King of Kings
He will never leave us
He remains the same
Everybody praise his name

Verse 2:

Everybody praise the name of Jesus
Everybody worship the king
Lifting up our praise to overflowing
Lauding our Redeemer as we sing
Meaning every single word that we say
Let's declare how love found a way
Now the music of our heart is plain
Never tire of hearing it again

Everybody worship the King
Lifting up our hearts in praise
