

Special Kind Of Love

Acappella

When I tell you of true love will you listen?
If I sing of wondrous love will you hear?
Will you open up your heart
Be responsive from the start
to the love we'd love to share?
It's very near

Chorus:

Love, there's a special kind of love
That defines the human soul
Everyone should know
This special kind of love
Ooh, ooh, ooh, ooh
Love, there's a special kind of love
That will really see the best survive
Bringing a feeling so alive
This special kind of love
This special kind of love

For this special kind of love cannot be hidden
It's a power that cannot be overcome
Changing everything, it knows no other equal
And was shown to us through Jesus Christ His Son
(God's own Son)

Repeat Chorus

And this special kind of love will last forever
It will bring the promised land within our view
Meeting all our hearts' desires and true fulfillings
With transforming power to heal and make us new

Repeat Chorus

Special kind of love
This special kind of love
Special kind of love
This special kind of love
