

# Predator

Accept

Roaming through the forest  
Along the mountainsides  
Moving through the darkness  
I'm a creature of the wild

Sneaking up behind you  
Hunting in a pack  
Attacking out of nowhere  
Always from the back

Predator  
(I'm a) Predator  
Eating you alive  
(I'm a) Predator

It's the call of the wild  
Pumping up my powers  
My fangs are razor-sharp

Nature's takin' over  
My instincts are alive

Predator  
(I'm a) Predator  
Eating you alive  
(I'm a) Predator
