

## What Else

Accept

Heroes - keep dying  
Nations - dividing  
Principles - they're gone  
It's war

Wallstreet - buy in politics  
Jesus - up for sale  
Do anything - for money  
I'm a whore

What else - what's in it for me  
What else  
What else - what's in it for me  
What else

Deadlines - headlines  
Make me - the biggest star  
I don't need personality  
'cause it's war

I'm greedy - I'm deadly  
Don't give a fuck anymore  
Anything for money  
I'm a whore
