

I Believe

Acceptance

I believe the time is now,
hold on to what you've wanted.
(I believe the time is now)
I believe the time is now,
hold on to what you've wanted.
(I believe the time is now)

When you're faced with conflicting thoughts,
and you know there's one way out.

I know that you'll believe,
if you can see the things I'm showing you.
I know that you'll believe,
if you can see the things I'm showing you.

I know that you'll believe,
if you can see the things I'm showing you.
I know that, and I know that you'll believe
if you can see me now.
