

# Fallen Angel

Ace Frehley

I know you've been up  
I've seen you flyin'  
Sometimes I'd wish  
That you would fall down  
I'm tired of your act  
You're not even tryin'  
Any dreams of hope  
Dashed all away

(I'll) Take you down, so you can see  
Take you down, what you've done to me  
Take you down. your wanted by all below

Ooohhh fallen angel  
Ooohhh fallen angel

Many times alone  
I've been here waiting  
(and) Many times again  
I could not care less  
(but) You've got a hold  
And deep down I'm shakin'  
But I won't let you make  
A fool out of me

Ooohhh fallen angel  
Ooohhh fallen angel
