Wiped Out!

I went to a party, just so smartly, cool as cool could be I knew I could make it, knew I could shake it, lose some fancy free

So I went to the table and reached for a bottle And poured me a glass of wine

Took a few sips and looked around, I was feelin' fine But an hour along, comin' on strong, I was gettin' drunk The next thing I knew I looked at you, I was blind as a skunk, I was

I was wiped out, I had my lights out
Was fallin' right out, 'cos I was wiped out

Through the smoke-filled room I caught your eye

And I think that you caught mine

And I knew in a minute or maybe less, it was just a matter of time

Then you started to move with such a groove, stronger than snea kin' slow

Then you looked at me with your big blue eyes, they had such a glow

Then I took your hand and tried to stand and ended up sittin' b ack down

Then you smiled at me and gave me a wink, how quick I lost my f rown, I was

I was wiped out, I had my lights out Was fallin' right out, 'cos I was wiped out

So I looked at you and then I knew that we were gonna have some fun

So I thought to myself, wine was out, we should switch to rum So without a word, and like some bird, we flew to another place

And pretty soon we were in some room stretched miles out in space

The room was turnin', we were burnin', things became a haze It seemed that already I had too many, firewater caused the bla ze, I was

I was wiped out, I had my lights out
Was fallin' right out, 'cos I was wiped out
