Product in my block what a Glock in the..whip em locks,  
Round in the Maybach and we way back how we're looking for far  
How the fuck I'm getting this, diamonds call for couple bricks,  
Pick the rollie on my wrist, I understand why niggas pissed  
Got no time for niggas hatin', I just make some reservation,  
When they come down to my niggas ain't no sense of hesitation, no  
Champagne sipping every night is moving scripting  
Hope up in that coop you know that bitch si go to missin  
Too much liquor, bad decisions, we're just living like fuck tomorrow,  
Hit the club and buy it out, like fuck the bar,  
See them pretty fancy cars, better know what's us.  
And my niggas do the same thing,  
I give em a job and they give minds to same way,  
I pray that we ball forever, we all on the same page,  
Look, how far we came

Started all broke, penny in my pocket,  
Tryin to live a dream, accumulate the profit  
Now we're getting money, Monday through the Sunday  
On another level, my niggas  
I pray we ball 4 eva

Flood in Jesus pieces, sorry I'm superstitious,  
We them niggas who dreamt it, foreign what's neva rented,  
Chop it come extended, for pussy niggas pretended,  
All these niggas we love and then hate  
Government ain't when I walk int he bank,  
Ballin bitch Lebrain in the paint  
Still I ride what half a tank  
Most these niggas claiming they real,  
And when them hard nights and then feel,  
Meeting my dog got jam, hear what a couple niggas for sale,  
Now I'm riding off in that astin, kick a whip in that Porsche,  
India off in that BMW, your next move is that Forbes,  
Young niggas, young niggas, fuck boys can't run with us  
Talk toys, you dumb boy, that Glock kick like it 4 real us,  
Ain't two shows in one day, see reclimb no PJ,  
Take a look in my niggas face, oh Lord how far we came,  
Went from struggle and from finer things,

Now is platinum things and start it off.

Started all broke, penny in my pocket,  
Tryin to live a dream, accumulate the profit  
Now we're getting money, Monday through the Sunday  
On another level, my niggas

4 eva eva, 4 eva eva  
4 eva, 4 eva eva
