

# Brothers Keeper

Ace Hood

I'm my brother's keeper  
I am my brother's keeper  
And thou shalt not cross each other in the name of Jesus  
And thou shalt not testify and go against yo people  
And thou shalt not speak about it if you ain't never done it  
Put God first and my family second, ain't nothing above it  
I'm my brother's keeper  
I am my brother's keeper

I pledge allegiance, my brother's keeper til I'm death departed  
My wheel out so yo bullshit will get disregarded  
Get yo money dog and say fuck them niggas, cut they head regardless  
And if you go to war then I'm going too, now it's gangsta party  
And mama told me don't trust niggas cus they all jealous  
And if you out of jail this early dawg then you probably tellin  
Oh Lord, you lookin at one of the realest niggas you done ever seen  
Only receive about 20 choppas for the whole team  
Getting dirty money but my bitches clean, they like Listerine  
Where I come from it's either fake or real, it's no in-between  
An eye for an eye, all my niggas ride or die  
All my niggas certified  
Trill niggas recognize hah!

I'm my brother's keeper  
I am my brother's keeper  
And thou shalt not cross each other in the name of Jesus  
And thou shalt not testify and go against yo people  
And thou shalt not speak about it if you ain't never done it  
Put God first and my family second, ain't nothing above it  
I'm my brother's keeper  
I am my brother's keeper

My best friend got killed probably bout a year ago  
On his front porch for a bag of cake and some indigo  
I was mad as hell, why the fuck he ain't keep that hammer close?  
I should've been there, I should've gone with him when he had to go  
Cus this cold world that we livin in it's like 3 below  
And I'll be goddamned if I'll bury any another of my nigas, no  
In my home town I had downtown, I've been plottin plenty  
And if you with a real nigga on some real shit you won't understand it  
I'm against the wall, I gotta make some calls, them niggas broke the law  
I'm in the blue sedan, I got the tool in hand and they comin to talk  
What's the word homie? All my niggas ride or die  
Niggas ain't safe when them Haitian boys done come drive-by

I'm my brother's keeper  
I am my brother's keeper  
And thou shalt not cross each other in the name of Jesus  
And thou shalt not testify and go against yo people  
And thou shalt not speak about it if you ain't never done it
