Why you so stressed out huh?
Your little money running low nigga
I'm in that 4 door froze with the zone niggas
Couple mill & a cd living like I'm big meech
Probably in the streets with a 4 wheeler
5 cars in my drive way
Depends on how I'm feeling
Stash the money in a body bag
Last month I made a killing
You can keep on hating
And it's still hood nation
Somebody text jay-z & tell him rap game mine
