

# On Right Now

Ace Hood

I came off from that bottom  
All the niggas was hating  
Started getting that money, every night's like a celebration  
All my niggas is with me, all them hoes they watching  
I'ma live my life, fuck the niggas don't like it  
Hey, real niggas on right now  
Real niggas, real niggas on right now  
Rreal niggas on right now  
Real niggas, real niggas on right now  
Real niggas on right now  
Real niggas, real niggas on right now

Ok now, old hoes, new money, still ballin like Tim Duncan  
Vv's got no flaws, chain on me cost 100  
Say young niggas we ball hard, bail hard with my black card  
Save money, don't save hoes, y'all niggas so lifeguard  
Hey, real niggas on right now  
I ain't ever, I ain't ever told no lie  
Riding with a bad bitch, she ain't gotta ask shit  
She ain't never seen this fly  
I be on some other shit, prolly leaving that dealership  
Getting head by this free bitch, she deserve a little scholarship  
I say these niggas can't hold me back  
Riding round that 45 on the lap  
Shawty popping that pussy for me  
Where the fuck is my dollars at  
Say hop your ass in this foreign  
Y'all niggas ain't important  
Can't be getting money all this hating that you be doing

Club packin, my section ready  
Pullin up in that 911  
Bitches looking like who that is  
You would think that it's machiavelli  
Say all eyes on me, 2 pac rest in peace  
50 racks in my pocket, belly fitting my jeans  
Where the good pussy at, where's at, where's at  
Shawty waist is super slim and that ass is super fat  
I said I'm looking for her, yeah I'm looking for her  
When I give her that dick I plug that pussy like extension cards  
Man I got it rich now they hatin  
All it took was some patience  
People say I'm underrated, well I'ma be dope as your greatest  
I be in and out of the city  
Hustle gotta go get it  
Celebrate with my team, feels good to be winning!
