

# Want 4 Nothing

Ace Hood

Aye

Uh

Realest shit ever said that

Every day I wake I'm tryina find a way to get it  
Out here in the jungle, I'm just tryina make a living  
Lord knows I'm sinning, have mercy on a nigga  
Palm steady itchin, may God be the witness  
My mama don't want for nothing, for nothing  
My daughter don't want for nothing, for nothing  
My niggas don't want for nothing, for nothing  
We made our way out of nothing, nothing

Man I don't I take my long way from drinkin hella sugar water  
Was dreamin but that Bentley though cause I could not afford it  
To the backseat of that Phantom, writtin deuces in the corner  
Workin that 9 to 5, I swear I hated takin orders  
Lord just bring me guidance, bills started to pilin  
Mama was steady cryin and plus a marriage was dyin  
I was so sick of the bullshit, never did have a scholarship  
Daddy left me young, until this day I won't acknowledge him  
How I motherfuckin did it  
Yea nigga, we did it  
Me and my niggas winnin, plus I made a couple million  
Now my mama got a crib, plus the latest Jag  
Know I love my daughter, she a spoiled little brat  
So it's...

Every day I wake I'm tryina find a way to get it  
Out here in the jungle, I'm just tryina make a living  
Lord knows I'm sinning, have mercy on a nigga  
Palm steady itchin, may God be the witness  
My mama don't want for nothing, for nothing  
My daughter don't want for nothing, for nothing  
My niggas don't want for nothing, for nothing  
We made our way out of nothing, nothing

Okay now fresh up off the block, my nigga guess who out the hood  
Made it out the struggle, got my people living good  
Always wanted to ball and now I'm courtside on the wood  
Had the biggest dreams, you could do it if I could  
I swear to God a nigga live it, sky's never the limit  
Go and get it regardless, them hard times are prevented  
I just wanna see my daughter live a life I never had  
If all my people starve I will sacrifice my last  
Sun up to sun down nigga I be getting cash  
Opportunity knock, I bet I never let it pass  
I been through a lot of shit, seen better days  
Kiss my baby girl then I go and get the cake

Every day I wake I'm tryina find a way to get it  
Out here in the jungle, I'm just tryina make a living  
Lord knows I'm sinning, have mercy on a nigga  
Palm steady itchin, may God be the witness  
My mama don't want for nothing, for nothing  
My daughter don't want for nothing, for nothing  
My niggas don't want for nothing, for nothing

We made our way out of nothing, nothing
