Bla Bla on the radio Give me some music I can listen to Give me that music, 'cause I want to listen, oh oh Bla Bla on the radio I've been Waiting for our song to play Baby let us run away I'm waiting for our song to play I'm not over you I see us walking in the sand That's when we said our first hello Two perfect strangers hand in hand Give me more of your voice, I can't resist it 0-o-oh...
